

Thank You

Thank you for ordering brackets from ExtendMySeat, the automotive solution for more leg-room, more comfort and better driving.

Inventory in Box:

- 2 - ExtendMySeat brackets
- 4 - black 3/8 bolts
- 1 - M10 bolt with washer

What you will need for assembly:

- 1 - Socket wrench
- 1 - 9/16 socket
- 1 - 11/16 Socket
- 1- Metric 13 socket
- 1- 9/16 flat wrench
- 1- 3/32 allen wrench

STEP 1

Remove the two ExtendMySeat brackets from the package and locate the four black 3/8 bolts provided.

STEP 2

Use a socket wrench to remove the two factory bolts in the front seat of the car then slide your seat all the way forward.

STEP 3

Move to the backseat and remove the two plastic guards then locate and remove the two rear factory bolts.

STEP 4

Lift the front of your seat up so you can slide the ExtendMySeat brackets under the seat. If you have the optional "U" shape brackets loosen the two outside bolts then locate the three 3/32 steel screws and remove. The "U" shaped bracket should then come out of the vehicle to be set aside.

STEP 5

STEP 5 cont.

Lay down the two black ExtendMySeat brackets inside your vehicle so the four factory holes align. Slightly tighten the two front factory bolts into the two front ExtendMySeat bracket holes. The one M10 bolt provided will be used on the hole facing the inside of the vehicle in the rear of bracket B. Align the last remaining rear hole with the rear hole in bracket A.

STEP 6

Lay the passenger seat back into the vehicle so the front holes align with the front holes of the ExtendMySeat bracket. Slightly tighten the front two "feet" with the ExtendMySeat bolts provided.

STEP 7

STEP 7

Slide the seat all the way forward and go to the backseat of the car to secure the remaining two factory "feet" with the ExtendMySeat bolts provided. Place the third ExtendMySeat bolt into bracket B and the fourth bolt into bracket A (closest to the outside of the vehicle).

STEP 8

Complete the installation by securing all bolts. Check to make sure all bolts are tight and secure.

STEP 9

Test seat by sliding it back and forth. You are complete.
